Best Beauty Buys

Want to glow this season? Here is a round up on the makeup and skincare products that should be on the top of your check-out cart

Organic Harvest Sunscreens with Blue Light Technology

INR 355 to INR 475

This new one-of-its-kind product protects the skin from Blue Light which penetrates deeper into the skin as compared to UVA and UVB light and results in faster ageing and skin pigmentation.

It comes in SPF 30 and SPF 60 for oily skin, effectively protects skin cells from unwanted oily texture of the skin, urban pollution and blue light rays. Whereas, SPF 30, SPF 50 and SPF 60 are ideal for normal skin and helps in regulating hyper-pigmentation caused by blue light rays. The ingredients are all organic and include aloe vera extract, certified organic glycerin, certified organic zinc oxide, kaolin, glycine soja (Soybean) Oil* (and) polyglyceryl-3 diisostearate (and) oryza Sativa (Rice) germ extract (and) oryza sativa (Rice) extract.

Available on organic.harvest.in
